ANNUAL GENERAL MEETING

The voting opened on 12 August and closed on 2 September. We had 253 responses, which worked out at approx 25.7% of the total membership.

Approving the Minutes	250 in favour
Approving Treasurer's Report	250 "
Approving Executive Committee	252 "

The missing numbers were from people who did not respond to the question, nobody voted not in favour.

There was a comment regarding the Treasurer's Report by one person who thought it was not easy to understand and seemed a bit technical. They asked for something more straightforward and in layman's terms.

All other comments were positive and supportive, wishing us well and saying what a great job the Committee was doing.
